

# GO! TAPE

ADHESIVE TAPE  
TO PROTECT SURFACES  
FROM SCRATCHING CATS

Protective tape GO! TAPE is an exclusive product on the Ukrainian market designed to protect furniture and other surfaces from scratching cats.

## CHARACTERISTICS:

Vendor code	Size	Quantity in a box	Barcode
GT1055	105mm*5m	24 pcs.	4824012126376

## APPLICATION:

1. Cut the tape to the required length and stick it on the surface to be protected from damage.
2. Remove the upper protective liner.
3. Remove the tape from the surface after 5 days of use, and repeat the procedure after 7 days.

## ADVANTAGES:

- a specially developed adhesive layer based on the fruits of the Brazilian hevea is absolutely harmless to cats;
- does not cause side effects and negative reactions in cats with any contact with the tape;
- protection of various types of surfaces: textiles, wood, plastic, wallpaper;
- absolutely transparent;
- does not spoil the appearance of furniture and other surfaces;
- not toxic;
- leaves no residue after removal.
