

ADHESIVE TAPE

STATIONERY

Adhesive stationery tape from TM Mustang is made of a thin durable polypropylene film made by using BOPP technology, which provides maximum strength at optimal thickness, with an applied acrylic layer. It has a perfectly transparent glossy base, so that the tape is invisible on surfaces that are glued. The tape provides a secure, long-term bond and strong adhesion to paper, plastic, film, glass and other substrates.

CHARACTERISTICS:

Base material	Adhesive layer	Vendor code	Size	Quantity pcs/box	Color	Thickness	Heat resistance	Barcode
BOPP film	Acrylic	ATS1220	12mm*20	720 pcs.	Transparent	40µm	from -15 to +45°C	4824012003721
		ATS1230	12mm*30	720 pcs.				4824012003738
		ATS1820	18mm*20	480 pcs.				4824012003745
		ATS1830	18mm*30	480 pcs.				4824012003752
		ATS2420	24mm*20	360 pcs.				4824012003769
		ATS2430	24mm*30	360 pcs.				4824012003776

ADVANTAGES:

- reliable adhesion to most surfaces;
- high tensile strength;
- absolute transparency, which ensures the invisibility of the attachment contour;
- moisture resistance;
- does not turn yellow or darken, retains quality parameters for a long time;
- ease of use.

APPLICATION:

- packing of envelopes, packages, small boxes;
- gluing sheets of paper;
- packing of gifts and souvenirs;
- gluing of torn documents, photographs;
- decorative design of bouquets;
- minor repair of books;
- posting ads;
- protection of inscriptions or announcements from abrasion and fading;
- attachment of information letters;
- protection of documents from damage.
